

Crimes Against Humanity and the US Covid-19 Pandemic Propaganda

Adolf Hitler wrote “in the big lie there is always a certain force of credibility...the broad masses of a nation...more readily fall victims to the big lie than the small lie...” The United States Offices of Strategic Services described Hitler’s psychological profile: “never admit a fault or wrong;...never accept blame; concentrate on one enemy at a time and blame him for everything that goes wrong; people will believe a big lie sooner than a little one; and if you repeat it frequently enough people will sooner or later believe it” A Psychological Analysis of Adolph Hitler. His Life and Legend by Walter C. Langer. Office of Strategic Services (OSS) Washington, D.C. With the collaboration of Prof. Henry A. Murr, Harvard Psychological Clinic, Dr. Ernst Kris, New School for Social Research, Dr. Bertram D. Lawin, New York Psychoanalytic Institute. p. 219 (Nizkor)

From Donald Trump:

From Donald Trump: “We have a very low mortality rate.”

***FACT*-The US has the third highest per capita death rate according to Johns Hopkins University.**

From Mike Pence:

.... “We want the American people to understand it’s almost inarguable that more testing is generating more cases. To one extent or another volume of new cases coming in is a reflection of a great success in expanding testing across the country.”

***FACT*- The US leads the world in both confirmed cases and deaths from Covid-19**

***FACT*- Our testing is grossly inadequate for the size of the US epidemic.**

“The reality is, we’re in a much better place with the efforts President Trump mobilized at the federal level”

***FACT* –The Federal Government has failed to mobilize its resources in multiple ways**

***FACT*—This June, 2020 the Federal Government is set to end funding for 13 community-based Covid-19 testing sites, most in**

Texas. <https://www.cnbc.com/2020/06/24/coronavirus-federal-government-to-end-funding-some-covid-19-test-sites.html>

From Dr. Fauci infectious disease expert:

“So what I meant by what is not working, and *this is not anybody’s fault or any institution’s fault*,” ...

(FACT: The fault is the government’s decade’s long cuts to our Public Health Departments and the government’s refusal to produce the necessary millions of Covid-19 test kits every day)

“...what we’re dealing with right now is community spread in the context of a substantial proportion of the people who are getting infected, do not know they’re infected, they’re not symptomatic, they’re asymptomatic individuals. *The classic paradigm of identification, isolation and contact tracing to actually contain that is very difficult to make that work under those circumstances.... it’s a paradigm shift because we’re dealing with young people, people who are going to be asymptomatic, and people who are getting infected in a community setting, not an outbreak setting where you know who to identify, isolate and contact trace.*”

(FACT: There is no paradigm shift. Asymptomatic transmission has been known to the Centers for Disease Control since at least March 27, 2020.

<https://www.cdc.gov/mmwr/volumes/69/wr/mm6913e1.htm> Th

e paradigm remains the same but the magnitude has grown. This is a direct result of the deliberate lack of funding, testing, tracking and isolation needed to eradicate the virus.)

“You superimpose upon that the fact that even with identification, isolation and contact tracing, often the dots are not connected... You can identify a contact but you don’t isolate them *because you don’t have the facility to isolate them.*” <https://www.rev.com/blog/transcripts/mike-pence-dr-fauci-coronavirus-task-force-press-conference-june-26>

(FACT: The US government refuses to make millions of Covid-19 test kits available every day and they refuse to hire contact tracers, they refuse to pay for isolation units and they fail to pay income to those isolated. This paradigm has successfully been carried out in China, Singapore, Taiwan, Viet Nam, South Korea, Cuba, and New Zealand but they refuse to do it here.)

The government’s continued refusal to sufficiently fund and provide staff to test, track, and isolate COVID-19, the ONLY PROVEN METHOD THAT CAN ERADICATE THE VIRUS, will condemn millions to disease, disability and death. This is not only criminal negligence and a failure of the government to protect; it is also a *Crime Against Humanity*: intentionally causing great suffering or serious injury to body or to mental or

physical health.

As the pandemic grows bigger, so do the lies.

Our lives depend on changing this catastrophic situation.
