

LOCAL ASSEMBLY of **SOMEWHEREVILLE** **EGALITARIANS**

NOTICE

THAT IN AN EGALITARIAN SOMEWHEREVILLE IT WOULD BE THE LAW THAT

All Health Care is Free

All persons in good standing* may receive all of their health care **for free.**

People in good standing deserve to receive all of their health care—of the highest quality—for free because the people in good standing, by their work for the economy, collectively produce all health care, from building the clinics and hospitals and medical schools and maintaining and cleaning them, growing the food and building the homes and providing the water and electrical service and teaching the K-12 subjects and providing the child care and so on and so forth *ad infinitum* without which there could be no doctors or nurses of clinics or hospitals.

* All persons are in good standing unless the local Assembly of Egalitarians** determines that, after taking into account the particular circumstances and reasonableness, they are violating the principle of “from each according to ability, to each according to need.”

** Egalitarians are those who support equality (no rich and no poor) and mutual aid.
